INTERIM ORDER

1. The case was heard on 18th December, 2018, as scheduled.
2. HPPC vide the present petition, has sought in-principle approval of the Commission to purchase 400 MW solar power from Solar Energy Corporation India (SECI) under 3000 MW solar ISTS scheme with ceiling limit @ Rs.2.93/kwh (excluding trading margin) fixed for 25 years.
3. During the hearing, the petitioner submitted that earlier SECI had allocated only 100 MW solar project capacity @ Rs. 2.54/Kwh (excluding trading margin of Rs. 0.07/Kwh) to Haryana against the requisite 250MW and accordingly the same was approved by the Commission vide its Order dated 06.09.2018 in case no. HERC/PRO-15 of 2018. Now, SECI has indicated that the shortfall in allocation of earlier scheme, may be included in the present allocation. Thus, HPPC might be requiring the approval of 550 MW Solar Power from SECI, as against the proposed 400 MW in the instant petition. HPPC further submitted that they shall come out with the final proposal, once the same is confirmed by SECI.
4. The Commission, considering the request of HPPC directs them to come out with the final proposal within 2 weeks from the date of this Order.

This order is signed, dated and issued by the Haryana Electricity Regulatory Commission on 18.12.2018.
