INTERIM ORDER

1. The case was taken up for hearing on 09.04.2024, as scheduled, in the courtroom of the Commission.
2. At the outset, the Commission observes that HPPC has itself shown availability of surplus power in the month of November in all the years from FY 2024-25 to FY 2028-29. Further, as submitted by the petitioner itself in its petition, the price of power in the power exchange, has shown declining trend in the month of November.
3. In view of the above, HPPC is directed to review the present proposal of purchasing 200 MW power in the month of November (01st November to 15th November) in the FY 2024-25 to FY 2028-29. A logical justification for contracting the present medium-term power for 15 days of November may be provided. Further, HPPC may certify on an affidavit

that in projecting the deficit of power in the FY 2024-25 to FY 2028-29, all the power approved by the Commission till date including the recently approved short term power, has been considered and no other proposal of cheaper power is under consideration with HPPC.

4. The case shall be next heard on 29.04.2024 at 11.30 A.M.

This order is signed, dated and issued by the Haryana Electricity Regulatory Commission on 10.04.2024.
